PROFESSIONAL EXPERIENCE

NOUS AV IT SOLUTIONS
Software Developer (**Part-time**) | Mar 2026 - Present

- Developed a travel agency website and Booking Management System with Purchase Order functionality.
- Built a Timekeeping and Payroll System to automate attendance and payroll processing.
- Developed full-stack web applications using PHP, MySQL, Apache, JavaScript, HTML, and CSS.
- Gathered client requirements and translated business needs into software solutions.

Advani Group of Companies (Nyne Beauty Inc.)
Junior Network and System Administrator | Nov 2025 - Sept 2026

- Provided administration and application support for **Microsoft Dynamics 365 Business Central**, troubleshooting ERP issues and improving system reliability.
- Developed **PowerShell and Python scripts** to automate Shopify product data alignment, deduplication, and barcode generation for POS upload — reducing a multi-week manual process to under one hour.
- Developed a PHP and MySQL timekeeping system to fully replace Sprout — eliminating manual timesheets, reducing operational costs by removing third-party licensing fees, and improving payroll accuracy.
- Collaborated with teams to identify automation opportunities, reducing repetitive tasks by approximately 70%.

Elyon Global TechnologiesAsia Inc.
Software Engineer | Oct 2023 – Oct 2025

- Developed Money Exchange System that automate features that streamlined critical processes and boosted operational efficiency for **Czarina Forex Exchange**.
- Integrated OCR for faster customer identification, reducing queue times and eliminating manual data entry.
- Delivered a scalable solution to handle high transaction volumes with real-time accuracy.
- Developed responsive web applications using Vue.js, built reusable frontend components, and collaborated with cross-functional teams to deliver internal business solutions.

EDUCATION

STI COLLEGE BALAYAN **July 2019 - July 2023**
Bachelor of Science in Information Technology - Cum Laude
Capstone Project: Municipal Health Office Information and Record Management System
- Digitized and automated manual record-keeping processes, eliminating paper-based logs and reducing data retrieval time.
