DARWIN M. LUBUGAN

SOFTWARE ENGINEER

Malaruhatan, Lian, Batangas | lubugandarwin@gmail.com | +639280810360

Software Engineer with strong C#, .NET, and Vue.js background, expanding into automation, API integration, and system administration. Proficient in PowerShell, Python, and PHP for developing automation workflows and internal systems. Experienced with Microsoft Azure, Dynamics 365 Business Central, OCR solutions and AI-assisted development tools to accelerate coding, debugging, and documentation

AREA OF EXPERTISE

- **Microsoft Stack Development:** C#, .NET Core, ASP.NET Core (MVC & Web API), Entity Framework Core, LINQ
- **Cloud & DevOps:** Microsoft Azure, Azure Functions, Azure DevOps, CI/CD Pipelines, Azure AI (Document Intelligence, OCR)
- **Web Development:** PHP, Vue.js (Vite 3), JavaScript (ES6+), HTML5, CSS3, Bootstrap
- **Database Management:** SQL Server, T-SQL, Database Design, Stored Procedures, MongoDB
- **Automation and Scripting:** PowerShell, Python, Azure Cognitive Services, OCR (Azure Document Intelligence, Tesseract OCR in C#)
- **Tools & Practices:** Git (GitHub, Azure Repos), Agile, REST API Development, Unit Testing, Docker
- **ERP and Support:** Dynamics 365 Business Central, Network & System Troubleshooting
- **AI Development tools:** Claude Code, Qwen, Cursor, GitHub Copilot, DeepSeek, WindSurf, Kilo AI

PROFESSIONAL EXPERIENCE

Advani Group of Companies
Junior Network and System Administrator | Nov 2025 - Present

- Troubleshoot network and system issues to ensure high availability, security, and performance.
- Provide application support for **Dynamics 365 Business Central**, resolving user-reported issues.
- Developed **PowerShell and Python scripts** to automate Shopify product data alignment, deduplication, and barcode generation for POS upload — reducing a multi-week manual process to under one hour.
- Developed a PHP and MySQL timekeeping system to fully replace Sprout — eliminating manual timesheets, reducing operational costs by removing third-party licensing fees, and improving payroll accuracy.
- Collaborated with teams to identify automation opportunities, reducing repetitive tasks by approximately 70%.

Elyon Global TechnologiesAsia Inc. – Project for Czarina Forex Exchange (Advanced Automation System)
Software Engineer | Oct 2023 – Oct 2025

- Developed automation features that streamlined critical processes and boosted operational efficiency.
- Integrated OCR for faster customer identification, reducing queue times and eliminating manual data entry.
- Delivered a scalable solution to handle high transaction volumes with real-time accuracy.

Elyon Global TechnologiesAsia Inc. - Internal Projects (Front-End Development)
Software Engineer | Oct 2023 – Sept 2025

- Developed responsive landing pages and internal tools using Vue.js.
- Created reusable components for consistent UI and faster development.

EDUCATION

STI COLLEGE BALAYAN **July 2019 - July 2023**
Bachelor of Science in Information Technology - Cum Laude
Capstone Project: Municipal Health Office Information and Record Management System
- Digitized and automated manual record-keeping processes, eliminating paper-based logs and reducing data retrieval time.
